Criterion	-
Key Indicator	-

Objectives

1. To create awareness among students about the My Bharat Portal and its significance for youth engagement and development.
2. To assist students in completing their registration on the My Bharat Portal.
3. To familiarize students with the various programmes, activities, competitions, volunteering opportunities, and experiential learning initiatives available through the portal.
4. To highlight the importance of experiential learning and encourage students to gain knowledge and practical exposure beyond the traditional classroom setting.
5. To encourage students to actively participate in various youth-oriented activities and programmes.
6. To motivate students to make effective use of opportunities that contribute to their personality development, leadership skills, knowledge, and practical experience.
7. To promote greater student engagement with national youth initiatives and programmes.

Programme Schedule

Time	Activity
11:00 AM	Welcome Speech
11:10 AM	Awareness about My Bharat Portal given by ADSW
11:20 AM	Registration Activity
12:00 PM	Vote of Thanks

Report

Sikkim Alpine University successfully organized “My Bharat Portal Registration and Awareness Drive” on 12 August 2026 at its Sunakhari Campus, Upper Ghurpisey, South Sikkim. The programme was organized with the objective of creating awareness among students about the My Bharat Portal and encouraging their active participation in various youth-oriented programmes, activities, competitions, experiential learning opportunities, and other initiatives available through the platform. The programme also aimed to facilitate students in completing their registration on the My Bharat Portal and to help them understand how the platform can provide opportunities for learning, engagement, skill development, volunteering, and participation beyond the conventional classroom environment. The programme commenced with an awareness session on the My Bharat Portal, during which students were introduced to the purpose and relevance of the platform. The session emphasized the importance of students actively participating in activities that provide practical exposure and learning opportunities beyond their regular academic curriculum.

Mr. Sonam Wangdi Dorjee Bhutia, Assistant Dean of Students’ Welfare (ADSW), conducted the registration and awareness session. He provided students with a step-by-step demonstration of the registration process and assisted them in completing their registrations on the My Bharat Portal. During the session, students were also briefed about the different opportunities available through the portal, including various programmes, activities, competitions, and experiential learning initiatives. Particular emphasis was placed on the importance of learning through practical experiences, participation, interaction, and exposure outside the classroom. The students were encouraged to regularly engage with the My Bharat platform and make use of the opportunities available to young people. The session also highlighted how participation in such initiatives can complement formal education by providing students with practical knowledge, exposure, confidence, and opportunities for personal and professional development.

A significant component of the programme was the discussion on experiential learning. Students were encouraged to understand that education extends beyond textbooks and classroom-based instruction. Participation in competitions, volunteering activities, social initiatives, leadership programmes, field-based activities, and other practical engagements can provide valuable experiences and help students develop skills that may not be acquired solely through conventional academic learning. My Bharat Portal was presented as an important

platform through which students can explore such opportunities and actively participate in activities that contribute to their overall development. Students were therefore encouraged to regularly check the portal for upcoming programmes, competitions, activities, and other opportunities relevant to their interests. Following the awareness session, students were assisted in registering themselves on My Bharat Portal. The registration process was explained systematically, and necessary assistance was provided to students wherever required.

Further, Ms. Shristi Sharma, Public Relations Officer (PRO), expressed her gratitude to the students, faculty members, and all other participants for their active participation and cooperation in making the programme successful. She encouraged the students to remain actively engaged with the My Bharat initiative and to participate in various upcoming competitions, programmes, activities, and experiential learning opportunities available through the platform.

The programme was attended by Dr. Sareena Subba, Deputy Registrar and In-Charge of Sunakhari Campus, along with faculty members and students of the University. The presence and support of the University officials and faculty members contributed to the successful organization and conduct of the awareness and registration drive.

Lastly, My Bharat Portal Registration and Awareness Drive was successfully conducted at Sikkim Alpine University, Sunakhari Campus, Upper Ghurpisey on 12 August 2026, with the participation of 55 participants. The programme served as a valuable platform for introducing students to the My Bharat initiative and facilitating their registration. It also emphasized the importance of experiential learning, active participation, and acquiring knowledge beyond the classroom. The University remains committed to encouraging its students to actively participate in programmes and initiatives that promote learning, leadership, skill development, social engagement, and overall personality development. The drive concluded successfully with a call for continued student participation in the various opportunities and activities offered through the My Bharat Portal.

Outcomes: The major outcomes of the programme were

1. Students gained an understanding of the purpose and relevance of the My Bharat Portal.
2. Students were guided through the registration process.
3. Participants became familiar with the different opportunities available through the platform.
4. Students were encouraged to participate in competitions, programmes, volunteering activities, and experiential learning opportunities.
5. The importance of acquiring practical knowledge and exposure beyond the classroom was emphasized.
6. Students were motivated to take greater advantage of youth-oriented programmes and initiatives.
7. The programme encouraged greater engagement of students with opportunities aimed at their overall learning and development.
